

ARCTIC HEAT™

NET WT. 50 LBS (22.7 KG)

CONTAINS SODIUM CHLORIDE -DE-ICING SALT MAY BE HARMFUL WHEN USED EXCESSIVELY OR REPEATEDLY ON CONCRETE SURFACES. IT LOWERS THE FREEZING POINT AND INCREASES THE NUMBER OF FREEZE/THAW CYCLES. SINCE WATER EXPANDS WHEN FROZEN, SPALLING OR SCALING MAY RESULT. POORLY CONSTRUCTED, POROUS CONCRETE AND MORTAR JOINTS BETWEEN BRICK OR FLAGSTONE ARE PARTICULARLY VULNERABLE. DO NOT USE ON UNSEASONED CONCRETE (LESS THAN THREE YEARS OLD) UNLESS IT IS AIR ENTRAINED OR TREATED. MELTING AGENTS MAY BE HARMFUL TO VEGETATION. KEEP THEM AWAY FROM SHRUBS, TREES, FLOWERS BEDS, AND GRASS. EFFECTIVE TO +15 DEGREES.

FOR BEST RESULTS STORE PRODUCT INDOORS. IF STORED OUTDOORS, IT IS RECOMMENDED TO TARP OR COVER PRODUCT TO PROTECT FROM INCLEMENT WEATHER CONDITIONS.

ACTIVE INGREDIENTS: NaCl.....007647-14-15
